The month of December was stocked full of activity for the chamber and the city of Seguin.

The holiday parade that was held downtown at the first of the month brought thousands of people together to participate in the festivities. Congratulations to Mary Jo Filip and the city for putting on such a successful event. Another note of congratulations and thanks must go to the city for the fabulous job they did decorating downtown and central park. The lights were absolutely beautiful and exactly what everyone needed to get into the spirit of the season.

The month of December was also exciting due to the opening of several new businesses. The big news was the grand opening of Home Depot which will certainly add to sales tax dollars for Seguin. It is also great to see such a nice business at the corner of Interstate 10 and Austin Street.

If you are looking for a great cup of coffee on the east side of town, try Perk Up which is located between Court and Walnut Streets behind First Commercial Bank. The food is great there also.

On the ninth of December, First Commercial Bank hosted our monthly mixer with a record crowd in attendance. Once again, no one won the money so we will be drawing for \$1,450 at the January mixer. We want to thank Mark Long and all of the folks associated with First Commercial Bank for their wonderful hospitality.

The food, drink, and fellowship was very enjoyable. Be sure to put January 20 on your calendar for the next mixer that will be held at the Elks Lodge and hosted by Nash Catering and Dietz Flower Shop.

Another event that will occur on the 12th of January will be a cowboy breakfast at the Agricultural Heritage

Museum. Your chamber membership requested the breakfasts so here we go!!! Come out for breakfast and some camp coffee served out of the Wells Fargo chuck wagon at 7 a.m. Thanks to Mickey Franz and his gang for allowing the use of the Wells Fargo wagon. If you have never been to the Ag Museum, you now have a great opportunity. Throw on your hat and boots and let's help to boost an awareness of agriculture in and around our community. Agriculture is still the number-one industry in the

state of Texas, exceeding \$7 billion annually. In addition, January is Guadalupe County Youth Show month, so the timing is great. Remember to support the youth of Guadalupe County at this year's youth show.

At the December meeting of your Chamber of Commerce board, there was a unanimous vote to enter into a joint project with the Seguin Guadalupe County Hispanic Chamber of Commerce for the purpose of a long term beautification project. The initial idea is to begin with North Austin Street. This effort will ultimately involve hundreds of volunteers all working together for the betterment of our city. Be on the lookout for details and meeting times as both organizations come together for a plan of work.

Beautification is one of the most important components to economic development for our city. We recognize that and are willing to go to work.

I wish all a happy and prosperous new year. Please do not hesitate to call the chamber with any questions or ideas as we begin 2005.

See you around the chamber,

Terry Boehnke

The next project on our plate is to initiate a relationship between local & area banks and schools for in-school banking and banking education. The programs in mind range from Elementary to Adult education. The committee started discussion and initiated a game plan for the initial meetings. LEADERSHIP SEGUIN CLASS

Coordinators - Syndee Bundick, Westerholm-Koehler and Tammy Thompson, Alamo Industrial

December's Leadership Class looked at communication and health this month. The class started at Seguin's very own Seguin Gazette-Enterprise and then to another well-known name - KWED and Story Communications, then off to the GVH for lunch, a tour of the hospital and the Wellness Center. Thank you to Tammy Smith of GVEC for being a facilitator and a guide for the day. January will focus on Meeting Tomorrow's Needs.

GOVERNMENTAL CONCERNS COMMITTEE

CHAIR - Ken Reininger, Bettersworth & Associates

We held our quarterly meeting December 7. We had representatives from SISD (Irene Garza), GBRA (David Welsh), City of Seguin (Mayor Mathis), Guadalupe County (Judge Schraub). Our next meeting January 4, 2004 we will have David Anderson, SISD Financial Officer, discussing school finance. In later months we plan on having Edmund come down and talk about school finance on the State side.

ECONOMIC DEVELOPMENT COMMITTEE

CHAIR - Mark Wallock

Many good things are starting to fall into place. The New Year's Eve Fundraiser for Economic Development will be over by the time you read this. We are on our way to what appears to be another great party and another great fundraiser. The money will be used to bring more and better jobs to Seguin. We have been nominating the people who will be asked to serve on the Seguin Marketing Team to help the SEDC recruit new business to Seguin. We have chosen a great cross-section of the local business, industrial and education community. We will hire one of the best training teams available with some of the money earned from the New Year's Eve Gala. Training should begin by early March. If this is of interest to you, contact the Chamber office to be considered. There have been 3 preliminary meetings with representatives from New Braunfels, Seguin and San Marcos to begin a joint marketing effort of the Central Texas Business Triangle.

We have strong support from all 3 communities and an official announcement will be made in January. We have hired an ad agency to come up with common branding for the tri-city/tri-county area. We will be focusing on ways to recruit together with a common website and links from each city, EDC, Chamber of Commerce, and County to all the others and to our common website. We will jointly market through branded literature that gives the strengths of the area and site possibilities in each area. We will also be able to work together with site location experts who work directly with companies looking to relocate. Our power to do this together is so much greater than what any of us could do individually. This has great promise and potential. A new board made up of volunteers from each city will be formed early in 2005 to move this project forward.

INDUSTRIAL RELATIONS COMMITTEE

We look forward to the New Year and our first meeting at Noon on Monday, January 10th -- we appreciate your attendance, participation and involvement in setting and reaching our Committee goals. We hope each of you and your families the most joyous and safest of holidays!

CVB Video Projects Underway

The Sports Marketing Committee, headed by Ken Keil, continues to meet and develop strategies to attract and host athletic events in Seguin. Currently the committee is in the process of producing a marketing video highlighting athletic facilities in the Seguin area. Howard Esse of Crossroads Legal Video based in Shiner, and Chamber of Commerce member, began collecting video footage in July with the Texas East Division State Softball Tournament. January athletic filming includes TLU basketball and Seguin High School soccer. The marketing video is scheduled for release early summer.

The camera has also been rolling on special events held in the community. The CVB is in the process of building a video library with a goal of having footage of all major events in Seguin to be used in preparing television advertisements, public service announcements and overall community video to market Seguin to potential visitors.

Projects have included Main Street Trade Days with a new cable ad to be ready for use in promoting the spring trade days. Special event video footage has been shot at the Guadalupe Valley Hospital Foundation event, Freedom Fiesta, Pecan Fest and Holiday Stroll Lighted Parade. Spring film commitments include Toast to Texas and Cinco de Mayo.
